SMA

If due date of a loan account is March 31, 2021, and full dues are not received before the lending institution runs the day-end process for this date, the date of \ overdue shall be March 31, 2021. If it continues to remain overdue, then this account shall get tagged as SMA-1 upon running day- end process on April 30, 2021 i.e. upon completion of 30 days of being continuously overdue. Accordingly, the date of SMA-1 classification for that account shall be April 30, 2021.

Concepts / Clarifications / Illustrative examples

Dues:

mean, the principal/interest/ any charges levied on the loan account which are payable within the period stipulated as per the terms of sanction of the credit facility.

Overdue:

mean. the principal I interest/ any charges levied on the loan account which are payable, but have not been paid within the period stipulated as per the terms of sanction of the credit facility. In other words, any amount due to the bank under any credit facility is 'overdue' if it is not paid on the due date fixed by the bank.

Relevance of the Principle of 'First In First Out' (FIFO) in appropriation of payments into the borrowal account:

The Principle of FIFO i.e., 'First In, First Out' accounting method is relevant to arrive at the No.of days of overdue for determining the SMA I NPA status. The FIFO principle assumes that, the oldest outstanding dues in the loan account needs to be cleared first .The FIFO method thus requires that what is due first must be paid by the borrower first. For example;

if in any loan account as on 01.02.2021 there are no overdues and an amount of Rs. X is due for payment towards principal instalment/interest/charges , any payment being credited on or after 01.02.2021 in the loan account will be used to payoff the dues outstanding on 01.02.2021 Assuming that nothing is paid lor there is partial payment (Rs Y) of dues during the month of February, the overdue as on 01.03.2021 will be Rs .X-Y.

Additionally, an amount of Rs.Z becomes due as on 01.03.2021, Now any payment I partial payment into the account on or after 01.03.2021 will be first utilized to payoff the partial due of 01.02.2021 (Rs X - Rs.Y) If there is more recovery than the Rs X - Rs Y. then. After recovering dues of 01.02.2021, the remaining amount will be treated as recovery towards due of 01.03.2021. **Age of oldest Dues:**

The age of oldest dues is reckoned in days from the date on which the oldest payment is due and continues to remain unpaid In the aforesaid illustration, if the Dues relating to 1st February 2021 remain unpaid till 01.03.2021, the age of the oldest dues is reckoned as 29 days on 02.03.2021. **Classification as Special Mention Account (SMA) and Non-Performing Asset (NPA)**

Lending institutions will recognize the incipient stress in loan accounts, immediately on Default,by classifying them as Special Mention Accounts (SMA) The basis of classification of SMA / NPA Category shall be as follows:

Loan in the nature of Term Loans		Loans in the nature of cash credit / over draft	
SMA Sub-categories	Basis for classification – Principal or interest payment or any other amount wholly or partly overdue	SMA Sub-categories	Basis for classification – Outstanding balance remains continuously in excess of the sanctioned limit or drawing power, whichever is lower, for a period of
SMA-0	Upto 30 days		
SMA-1	More than 30 days and upto 60 days	SMA-1	More than 30 days and upto 60 days

SMA-2	More than 60 days and upto 90 days	SMA-2	More than 60 days and upto 90 days
-------	------------------------------------	-------	------------------------------------

The asset classification norms of Agricultural advances which are based on Crop Season shall continue as hitherto.

Non-performing Asset:

Non-Performing Asset (NPA) is a loan or an advance where:

- Interest and/ or instalment of principal remains overdue for a period of more than 90 days in respect of a term loan,
- the account remains 'out of order' as indicated below, in respect of an Overdraft/Cash Credit (OD/CC),
- the bill remains overdue for a period of more than 90 days in the case of bills purchased and discounted,
- the instalment of principal or interest thereon remains overdue for two crop seasons for short duration crops,
- the instalment of principal or interest thereon remains overdue for one crop season for long duration crops.
